

As the president of the Combat Helicopter Pilots Association (CHPA), and on behalf of the Board of Directors and our membership, I would like to welcome you to our web site.

CHPA is a non-profit legacy organization created for Active Duty, National Guard, Reserve, retired, and veteran rotary wing pilots and air crewmembers from all US Services, who have served in a combat theater as a helicopter pilot or aircrew member.

CHPA provides two additional categories of membership, *Friends of CHPA* and *Legacy Member*, for those who may not meet pilot or air crewmember requirements but still wish to be affiliated and support the organization and its mission.

The organization is involved in a number of worthwhile and notable projects that honor and support our men and women in uniform, veterans and their families. CHPA supports other non-profit organizations and military organizations in their like-minded goals and events. Please feel free to tour the CHPA web site to learn more.

As you tour the CHPA site, please visit the “why join” (<http://www.chpa-us.org/why-join-chpa>) and “about us” pages (<http://www.chpa-us.org/about-us>); and browse the monthly newsletters for articles written by and about our members.

If you are not a member, please consider this your personal invitation to become part of CHPA.

Thank you for visiting us.

Richard Miller
CHPA President
Founding/Charter/Life Member
